SERVICE PRO® PREMIUM FULL SYNTHETIC MOTOR OILS

SERVICE PRO® Full Synthetic Motor Oils are a well-balanced combination of today's highest quality synthetic base stocks and contain an advanced additive system that will meet the stringent automotive specifications. They are designed to provide excellent protection in today's high performance gasoline (including turbocharged and supercharged) engines in passenger cars, vans, sport utility vehicles, and light trucks. These synthetic engine oils demonstrate improved performance in today's advanced engine designs, and are available in SAE 5W-20, 5W-30, and 10W-30 viscosity grades.

SERVICE PRO® Full Synthetic Motor Oils meet the performance requirements for the latest gasoline fueled engine service **ILSAC GF-4** and **API SM** and display the API Certification Mark and API Service Symbol. They have also demonstrated benefits in industry accepted fuel economy tests. SERVICE PRO® Full Synthetic Motor Oils SAE 5W-30 provides excellent performance where GM6094M is referenced.

PERFORMANCE BENEFITS:

- Excellent low-temperature starting and pumpability characteristics
- High-temperature/high-shear properties well above conventional oils
- Lower volatility when compared to conventional oils
- Excellent thermal and oxidation stability
- Enhanced protection against varnish buildup and sludge formation in critical engine parts for top performance and long engine life
- Extended engine life due to control of wear and deposit formation
- Compatible with conventional and synthetic motor oils
